Ryan Cannon, Director of Public Works
6570 East US Highway 36
Avon, IN 46123

Dear Mr. Cannon:

Sentry Management Inc. is the company that manages The Pines of Avon Homeowners' Association for the members and the Board of Directors. One of our responsibilities is to address the concerns of the residents and the Board of Directors regarding the neighborhood.

There is a traffic speeding concern in the neighborhood that may be resolved by the addition of a stop sign at the intersection of Austrian Way and Gold Coin Drive. Several residents have complained to both the Board and Sentry Management about this issue and are concerned about the frequency of speeding cars and the safety of children who may be playing outside or others who may be walking.

It is the hope of the Board of Directors that the Department of Public Works will add this issue to the upcoming traffic calming study and determine if the stop sign would help remedy the problem for the community.

Thank you for your attention to this matter. We look forward to your response.

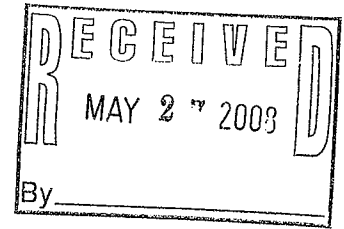

Sincerely

Petition – Traffic Calming
From Pines of Avon Residents living on Austrian Way

There is an increasing problem with speeding drivers entering Pines of Avon on Austrian Way and exiting the subdivision via Austrian Way. Frequently drivers will purposely accelerate or "race" exceeding speeds of 40 MPH. There is also a long stretch of this road beside the second pond which invites drivers to speed. This is a danger to young children who are out playing. It is particularly a problem on Saturdays and Sunday afternoons and before and after work hours. Furthermore, there is no signage posted with regard to speed limits or children at play. In addition, drivers frequently ignore the first stop sign at the corner of Austrian Way and Gold Coin Drive.

We, the undersigned, are requesting a traffic survey be conducted as soon as possible and methods employed to significantly slow down the traffic flow.
