Section 7-2. Interpretation of District Sequence

1. General Rule
   This Ordinance rejects as outdated and inappropriate, the concept of cumulative zoning districts, where each district builds off of the uses of the less intense districts. Except as noted below, this Ordinance is based on the concept that each district should be designed to accomplish a specific purpose, to encourage a particular type of development, and to protect that development from being encroached upon by incompatible types of development.

2. Special Rule
Within the foregoing philosophy, however, it is recognized that, when different districts are side by side, their differing characters may require special treatment to diminish incompatibilities that might otherwise result. For this limited purpose, this Ordinance recognizes the concept of "more restrictive" and "less restrictive" districts, and the districts established by this Ordinance shall be considered "more restrictive" or "less restrictive" in accordance with the following rules:

A. the residential districts shall be deemed to be more restrictive than any nonresidential district;
B. the E-1 Single Family Residential District shall be deemed to be the most restrictive residential district and the R-5 Multiple Family Residential District shall be deemed to be the least restrictive Residential District, and the residential districts shall be deemed to become less restrictive as the district number increases;
C. the MH-1 Mobile Home Park District shall be more restrictive than any nonresidential district but less restrictive than any residential district;
D. the commercial districts shall be deemed to become less restrictive as the district number increases except that the C-4 Transitional Office District shall be deemed more restrictive than the C-2 General Commercial District but less restrictive than the C-1 Neighborhood Commercial District;
E. the SC Shopping Center Commercial District shall be deemed to be less restrictive than the other commercial districts but more restrictive than the industrial districts;
F. the Planned Unit Development Districts shall be deemed to stand alone and may be fashioned to be less or more restrictive than other districts;
G. the industrial districts shall be deemed to become less restrictive as the district number increases except that the I-4 Industrial Park District shall be deemed more restrictive than the I-2 Light Industrial District but less restrictive than the I-1 transitional Industrial District; and
H. the I-3 Heavy Industrial District shall be deemed to be less restrictive than any other district.

Section 7-3. Annexed Land

Where land is to be annexed into the Town of Avon, the Town Council may direct the Plan Commission to make a recommendation on the appropriate zoning district classification for the property that the Council is considering for annexation. In such circumstances, the Plan Commission shall follow the process for amendments to the Zoning Map set forth in Chapter 4, Section 4-6 of this Ordinance. Town Council action on the Plan Commission’s recommendation shall be scheduled in conjunction with the Town Council’s adoption of the annexation ordinance.

1. Should the Town council annex land without adopting an amendment to the Zoning Map establishing the appropriate zoning district classification for the property, the property shall retain the zoning classification assigned to it by Hendricks County, as shown on its Official Zoning Map. If the Avon Zoning Ordinance does not have the same zoning classification as Hendricks County, the property will have the zoning district classification of the Avon Zoning Ordinance that is the closest to the classification assigned to it by Hendricks County. The Zoning Administrator shall be responsible for identifying the zoning district classification for property annexed under this paragraph.

Section 7-4. Official Zoning Map

1. Map Incorporated

The location and boundaries of the zoning districts established by this Ordinance shall be shown on the Official Zoning Map. The Official Zoning Map shall be identified by certification by and bearing the seal of the Town of Avon under the following words:

In the event that the Official Zoning Map becomes damaged, destroyed, lost or difficult to interpret because of the nature or number of changes and additions, the Town Council may, by resolution, adopt a new Official Zoning Map that shall supersede the prior Official Zoning Map. The new Official Zoning Map may correct drafting errors or other errors or omissions in the prior Official Zoning Map, but no correction shall have the effect of amending the Official Zoning Map.
