

THE TOWN OF AVON LOGO

The logo is the identifier for the Town of Avon and is designed to be used as one unit. The crest shape signifies pride and the notion of a noble, strong family and community. The crest's four quadrants represent the spirit of Avon through graphic representations of the Town's various offerings. Parks are represented by trees. The active people of Avon are represented by a bicycle. Avon's unique landmarks include the popular Haunted Bridge. The sounds of Avon are announced with an upright trumpet blast. The cross bars separating the four quadrants give a sense of Avon's geography, representing the "crossroads" of Avon Avenue and US 36. The banner crowns the crest of offerings.
